**Please find below a communication from the EXAMINER in charge of this application**

1. The communication filed on July 30, 2002 is incomplete in response to the prior Office action because it fails to comply with the Sequence Rules. Specifically, no CRF was received by the Scientific and Technical Information Center. Also, claims 96, 104, 107, and 108 were not completely amended. The amendment is not complete because these claims contain nucleotide sequences without any SEQ ID NOs. Since the response appears to be *bona fide*, but through an apparent oversight or inadvertence failed to provide a complete response, applicant is required to complete the

response within a TIME LIMIT of ONE MONTH from the date of this letter or within the time remaining in the response period of the last Office action, whichever is longer. Applicant may elect to either extend the period for response set in the last office action up to a maximum of SIX MONTHS or to extend from this ONE MONTH limit under 37 CFR 1.136 (a) or (b) up to SIX MONTHS from the mailing date of this letter.
